## Inventory Overview

Inventory Overview provides a comprehensive view of your organization's inventory. It allows you to track the location, quantity, and status of all items in your inventory. This tool is essential for maintaining accurate records and ensuring that you have the right items in the right place at the right time.

The Inventory Overview page displays a list of all items in your inventory. Each item is represented by a small image and a set of data fields. You can filter the list by various criteria, such as item type, location, or status, to find the information you need quickly.

You can also view detailed information about individual items, including their history, location, and status. This information is useful for identifying trends, tracking usage, and making decisions about inventory management.

A photograph of a modern house's entrance. The facade is composed of light-colored stone and brick. A large, black-framed glass door is the central feature, reflecting the surroundings. The door is set within a recessed area. To the right of the door, there is a small, dark, rectangular object, possibly a light switch or a small window. The house is surrounded by greenery, including bushes and trees. The sky is overcast.

Building Component Description

Figure 1.1  
A vertical rectangular frame

Figure 1.2  
A vertical rectangular frame

Figure 1.3  
A vertical rectangular frame

Figure 1.1 shows a vertical rectangular frame with a thick black border. The frame is divided into two main sections: a large white rectangular area on the left and a narrow white vertical strip on the right.

Figure 1.2 shows a vertical rectangular frame with a thick black border. The frame is divided into two main sections: a large white rectangular area on the left and a narrow white vertical strip on the right. The large white rectangular area is further divided into two smaller white rectangular areas by a vertical black line. The narrow white vertical strip is further divided into four small white squares by horizontal black lines.
